

TRACKS to the FUTURE

Railroad Transportation and Engineering Program - 2024

Railroads are the high-tech and environmentally sensitive transportation mode! Don't believe us? Come and learn why railroads remain the most energy-efficient mode of transportation. Engage with faculty from Universities across the country as you uncover what forms modern railroad track, explore equipment from around the globe and analyze communications/control systems. This hybrid program entails virtual classroom sessions at your home on Monday and Tuesday, travel to the host site on Wednesday, and in-person activities on Thursday and Friday of your assigned session.

DEADLINE TO APPLY:
MARCH 15, 2024
 (and after, until filled)

- ◆ Open to high school students (who will be enrolled in grades 9-12 in Fall 2024)
- ◆ 20 full scholarships are available at each site!

Session 1 Locations — June 10-14, 2024

Penn State Altoona - Altoona, PA
 University of Nebraska-Lincoln - Lincoln, NE
